

## TRY RESIZING

THREE CHARGES  
ARE 2 + 1 BY  
DEFAULT. DRAWN  
PRETTY MUCH THE  
SAME ON A SHIELD

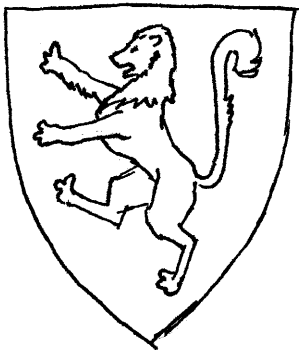

WE CAN'T REARRANGE,  
BUT WE CAN DRAW  
THE THIRD CHARGE  
LARGER — TRY TO  
FILL THAT SPACE!

(COMMONLY DONE  
IN PERIOD)

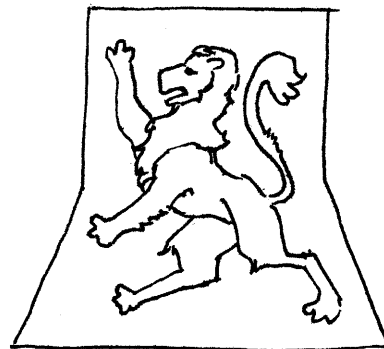

## FOR ANIMATE CHARGES, TRY A NEW POSTURE

IT CAN'T BE A POSTURE DIFFERENT THAN WHAT  
WAS REGISTERED, BUT IT'S AMAZING HOW MUCH  
A POSTURE CAN VARY AND STILL BE THE SAME

THIS IS A RAMPANT  
LION. THE LIMBS  
ARE SPREAD, THE  
TAIL COUNTERBALANCES.

TYPICAL EARLY-PERIOD  
LION.

THIS IS ALSO A RAMPANT LION.  
THE LIMBS ARE STILL SPREAD.  
THE TAIL STILL COUNTERBALANCES  
BUT HIS FEET FILL THE WIDER SPACE.

PROBABLY LATE PERIOD LION.
